MINIPAX #3: DIPLOMACY GAME #10: 15 FEBRUARY 1969.
WINTER 1904: POOR SPORT TRETICK QUITS IN ANGER WHILE LOSING!
Press Release: Tretick to Connelly, "Drop Dead!"
Press Release: Tretick to Gamesmaster-(Ed. Note-He would rant & rave after every move because my rulings, which are based on the rule-book and McCallum & Konings' Rules are different than in his zine!)
"Where do you get off eliminating the Italian Units?"-Answer-Since no moves were received we did exactly what McCallum & Koning and all the reliable Gamesmasters do. When dislodged they are caput!
"Where do you get off retreating Army Ukraine to Warsaw? Why not let Connelly decide that?"-Answer-It was the only place open dear Buddy!
EDITORIAL: *-I don't care if Buddy quits in a tantrum or not but he did something no gamesmaster may be forgiven for. (Brannen pulled the same stunt once!) I had the misfortune to be in Tretick's "LRH" game in LaGuerre. I was playing Austria and had sent the Spring 1904 moves to him with Buddy's copy of Big Brother & Minipax #2. The deadline to these moves was 7. Feb. 1969. Well on the 6th. of February I received a childish letter addressed to "Chick Riansell" with no return address on the envelope. In it he had the above messages that he quit and he also had included my moves-that I sent him-and said, "Get Lost!". Also he has not sent me the last issue of LaGuerre. So since I have never missed a move in his games & since he is only "kicking me out" of his game for revenge-the game is declared null & void and will not count in any rating systems. Unless of course either McCallum or Koning decide to pick it up again at the start of 1904 again! (*-So be it!)

ENGLAND(Lebling)-Build Armies Liverpool, London, & Edinburgh.
FRANCE(Smythe)-Build Army Paris, & Fleets Marseilles and Brest.
RUSSIA(Tretick)-No moves received; Gamesmaster thus removes the Fleet in Denmark, Army in Berlin, & Fleet in Black Sea.
TURKEY(Connelly)-Build Fleets Constantinople and Smyrna.#
(*-Note: Connelly voiced no objection to retreat!)
